

Beading Group at POSHBEADS Gallery

Wednesday evening at Poshbeads Shop –

This group will offer beading challenges to participants focusing on original design work and on learning new beading techniques. Ongoing quality control is expected.

Do some research, planning and collecting before making a rough piece in a fabulous design. Follow it with a finished piece with quality workwoman ship, made to exhibition level. Beading projects should be made and then remade as your skill level increases, until they reach a professional standard and can be exhibited if you choose to. Rework your beads with a photographic record of your progress.

Design ideas and information is found in the beads. By moving this group to Poshbeads Shop your learning opportunities treble and you will no longer struggle to do original design work. We can mix and match in the group to get colour, design, proportion, beading materials sorted so making your piece at home can be a totally creative experience. Digital imagery skills will increase your learning opportunities and record your progress.

Betty has decades of practical experience in jewellery design and manufacture and the tertiary qualifications required to do the job. Pay Betty to share her expertise with you and enjoy receiving the information needed to assist you to plan your DIY beading projects

Jewellery group price is - \$37.50 for 1 person – \$27.50 for 2 persons – Group of 4 or more is \$17.50 per person - tax included Gift vouchers are available
